

Holbrook Manufacturing

High-Quality & High-Volume Fasteners

Holbrook Manufacturing, located in Wheeling, Illinois, offers system-critical engineered fastening solutions. Our 100,000-square-foot facility is equipped with modern machinery and staffed by highly experienced technicians who deliver innovative solutions and high-quality products for multiple industries. We specialize in producing small-diameter cold-formed products, including bolts, screws, studs, and pins, and also manufacture licensed parts.

Process Capabilities

Holbrook Manufacturing offers domestically manufactured specialty fasteners in a wide range of carbon and alloy steel, as well as a full range of secondary operations. We are known for our expertise in producing diameter parts and licensed parts.
